## KRLA-PAC withdraws endorsement of Seum

At its most recent meeting, on August 10, the Kentucky Right to Life Political Action Committee (KRLA-PAC) condemned Senator Dan Seum's endorsement of Democratic gubernatorial candidate Andy Beshear (see the Courier-Journal, Tues., 7/30/19). Sen. Seum has elevated his personal animosity toward Kentucky's pro-life governor above the lives of unborn children. Seum's callous act of endorsing pro-abortion candidate Andy Beshear betrays the pro-life stance he avowed for so many years, and renders absolutely meaningless our past endorsements of his candidacy for public office. Should Sen. Seum seek future office, KRLA-PAC will vigorously oppose his candidacy.
